Award of a New Order – Oil India Limited

New Delhi, Thursday, February 27, 2025, United Drilling Tools Ltd. (UDTL) (BSE – 522014, NSE – UNIDT) is pleased to announce that it has been awarded a order worth **INR 80.84 MN** from **OIL INDIA LIMITED (OIL)**, one of India's premier public sector undertakings and a key player in the exploration, development, and production of crude oil and natural gas in India.

The awarded order involves the **supply of 2000 meters of Large OD Casing Pipe with connector**, which will be delivered over a period of three-months.

We are proud to partner with OIL on the prestigious **Andaman project for offshore exploration** and deep well with depth of upto 4200 Mtr, which heightlights the confidenance in the quality and realibility of UDTLs products. At UDTL, we understand the high stakes of this critical venture, and we are committed to delivering high-performance products that meet the stringent requirements of this important offshore and energy-driven initiative.

We are a trusted partner of other PSUs and this order highlights the growing relationship between UDTL and public sector enterprises and demonstrates the company's continued ability to meet the demands of the oil and gas sector and continued growth of the company's business within the energy sector.

According to the **India Brand Equity Foundation (IBEF)**, India's oil demand is projected to reach approximately **11 million barrels per day by 2045**. This increasing demand, coupled with the expansion of well casing, drilling, and production activities in the oil and gas sector, presents significant growth opportunities for the drilling equipment industry. As a result, this projected rise in oil demand provides UDTL with substantial prospects for future growth and the potential to further strengthen its position in the market and achieve long-term success.

Commenting on the order book position, Shri Manoj Kumar Arora, Chief Financial Officer of the Company, stated that the receipt of aforementioned orders reflects the company's product quality and commitment to timely delivery. He emphasised that customer satisfaction remains the top priority, and the company is dedicated to fulfilling its commitments with excellence.

The Company is fully committed to enhancing and strengthening our research and development initiatives and focus is on improving the overall quality, performance, and efficiency of each product to meet international standards. This commitment to excellence in research, development, and quality control is fundamental to our mission of delivering reliable, high-quality products to our customers.
